

## POISONING.

Thousands of Parents who use Vermifuge composed of Castor Oil, Calomel, &c., are not aware, that while they appear to benefit the patient, they are actually laying the foundation for a series of diseases, such as salivation, loss of sight, weakness, of limbs, &c.

In another column will be found the advertisement of HOBENSACK'S Medicines, to which we ask the attention of all directly interested in their own as well as their Children's health. In Liver Complaints and all disorders arising from those of a bilious type, should make use of the only genuine medicine, HOBENSACK'S Liver Pills.

"Be not deceived," but ask for HOBENSACK'S Worm Syrup and Liver Pills, and observe that each has the signature of the Proprietor, J. N. HOBENSACK, as none else are genuine.

## Mechanics, Inventors and Manufacturers.

\$450. In Splendid Prizes. \$450.

Volume IX of the SCIENTIFIC AMERICAN commences on the 17th of September. It is chiefly devoted to the advancement of the interests of Mechanics, Inventors, Manufacturers, and Farmers, by the diffusion of useful knowledge upon these important branches. It is edited by men practically skilled in the arts and sciences, and is widely regarded as a sound and able journal. Nearly all the VALUABLE PATENTS which issue weekly from the PATENT OFFICE are ILLUSTRATED with ENGRAVINGS, and the CLAIMS of all the PATENTS are published in its columns; thus making the paper a perfect SCIENTIFIC and MECHANICAL ENCYCLOPEDIA for future as well as present reference. The SCIENTIFIC AMERICAN is very extensively circulated—its circulation in the last Volume exceeding 18,000 copies per week. It is in form for binding; each volume contains SEVERAL HUNDRED ENGRAVINGS and over FOUR HUNDRED PAGES of Reading Matter, with an Index. The practical receipts alone are worth to any family much more than the subscription price.

The property is a valuable one and worthy the attention of any one wishing to engage in the lumbering business; and will certainly be sold, high or low, by the first of November, as the subscribers intend going west. ## EVERY MAN HIS OWN MILLER.

Clark's Patent combined grinding and bolting mill, is an invention which cannot fail coming into general use, turning out as it does from the wheat extra flour, superfine, middlings, ship stuff and bran, at a single operation, and in the most complete manner. This truly scientific mill fills a space of but three feet in diameter, and five feet high, is worked by a single shaft, capable of grinding and bolting from three to ten bushels of wheat an hour, and can be propelled by any power from four horse, to any which may be desired. The entire cost of a mill calculated to make one barrel of flour to the hour, does not exceed \$400. Those desiring to purchase a mill, or the patent for counties or townships in Pennsylvania, are requested to address Wm. Heilman, or call at No. 41 Brown street, Philadelphia.

The subscribers will sell at public sale in Stoddardsville, Luzerne County, on

Wednesday, Sept. 21, 1853, near

A Valuable Lumber Tract,

## DR. J. LANTZ, DENTIST.

Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, and nearly opposite Dr. S. Melick's Jewellery store, where he is fully prepared to treat the natural teeth, and also to insert incorruptible artificial teeth on pivot and plate, in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance, it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inconvenience and trouble of going so far.—Hence the necessity of obtaining the services of a dentist near home. All work warranted.
